

DECOLONISING ART FOR MENTAL WELLBEING

STRENGTHENING BAME INCLUSION IN THE ARTS FOR HEALTH & WELLBEING

FREE, with limited financial support to attend available

ONLINE WEDNESDAY 14TH APRIL 2 - 4PM

We want to explore how and why the arts might be used as a vector for national healing. A vehicle for encouraging health & wellbeing through awareness and understanding. The Coronavirus pandemic has exposed myriad deeper issues that require urgent attention. We at Strengthening BAME Inclusion in the Arts for Health & Wellbeing ask what are our responsibilities as artists, and as citizens in addressing these? Join us to explore these questions.
